| Rulmeca Motorized Pulley Cut-away View and Summary of Key Benefits..... | cover |
| Table of Contents | 1 |
| Rulmeca Motorized Pulleys - Introduction & General Description | 2 |
| Features and Benefits of Rulmeca Motorized Pulleys | 3 |
| Bulk Handling Engineering Principles | 4 |
| Application Worksheet | 5 |
| Model 138LS (5.45" diameter) specifications..... | 6-11 |
| Model 165LS (6.49" diameter) specifications..... | 12-17 |
| Model 220M & 220H (8.50" diameter) specifications | 18-26 |
| • Ordering Information | 27 |
| Model 320M & 320H (12.64" diameter) specifications..... | 28-36 |
| • International Protection - IP ratings | 37 |
| Model 400M & 400H (15.91" diameter) specifications..... | 38-44 |
| • Motorized Pulley Options: "Lagging" | 45 |
| Model 500M & 500H (19.72" diameter) specifications..... | 46-51 |
| • Mounting Orientations | 52 |
| • Hopper Feeder Drives | 53 |
| • Dual Drives and Load Sharing | 54 |
| • Bucket Wheel Conveyor Drives | 55 |
| • Mobile Crushing/Screening Plant Conveyor Drives | 56 |
| • Conveyor Tail Drives | 57 |
| • Labrynth Shaft Seals | 58 |
| • Motorized Pulley Options: "Backstops & Brakes" | 59 |
| Model 630M & 630H (24.80" diameter) specifications..... | 60-65 |
| Model 800M & 800H (31.50" diameter) specifications..... | 66-73 |
| Model 1000HD (40.16" diameter) specifications | 74-76 |
| • Variable Frequency Drives | 77 |
| Special Environmental Conditions | 78-79 |
| Technical Precautions for Design, Installation and Maintenance..... | 80-90 |
| • Checking and Changing Oil..... | 91 |
| Oil Quantities and Oil Types..... | 92-93 |
| Electrical Connection Diagrams - 138LS - 1000HD | 94-100 |
